## [Colorado Scoliosis Treatment](#) Center Continues To Grow: Spine Correction Center of the Rockies Hires New Staff To Meet Demand

Fort Collins, CO, 11/27/2010 - The Spine Correction Center of the Rockies in Fort Collins, Colorado continues to grow, meeting nationwide demand for non-surgical scoliosis treatment and integrated chiropractic care through excellent care and the latest proven treatment methods.

Last month Spine Correction Center added a nurse practitioner to their team to meet patient demand and offer more on-site. The new addition means patients can now receive botanical injections, advanced agnostics, in the durable medical equipment prescriptions directly at the clinic.

Their patient load has steadily grown over the past three years as word has spread about their specialized scoliosis treatment, disc disorder treatment, and integrated chiropractic care.

One reason for the growth is that they are one of only a few clinics nationwide offering a proven non-surgical, non-bracing scoliosis treatment. Besides reduced recovery time, not having to wear a brace, and high success rates, Spine Correction Center's method also costs much less than other current treatment methods.

Another reason for the growth is that patients enjoy visiting the clinic with its fun, relaxed, and professional atmosphere. In fact, breakfast groups and new friendships have formed among many patients who met at the Center.

Also, the team of specialists have established a proven track record of success in scoliosis treatments, disc disorders, and a variety of other chiropractic treatments.

### **About Spine Correction Center of the Rockies**

The [Spine Correction Center of the Rockies](#) is Colorado's premiere clinic specializing in non-invasive, non-surgical, non-bracing [scoliosis treatment](#) & [disc disorders](#). It was founded in 2007 by Dr. Michael Farrell and Dr. April Cardwell.

[Dr. Michael Farrell](#) received a Bachelor of Science from Colorado Christian University in Lakewood, Colorado majoring in Business Administration with minors in Science and Management with an emphasis in Leadership Studies, Outdoor Leadership, and Biblical Studies. In June of 2006 Dr. Farrell completed his professional education at Palmer College of Chiropractic in Davenport, Iowa earning a Doctor of Chiropractic degree. He has furthered his education through extensive training in rehabilitation programs including the Pettibon technique. Dr. Farrell has traveled to India to provide humanitarian natural health care to people there. He resides in Fort Collins.

[Dr. April Cardwell](#) attended York College in York, Nebraska graduating with a Bachelor of Science

degree in General Science. Dr. Cardwell received her Doctorate of Chiropractic degree from Palmer College of Chiropractic in Davenport, Iowa in February of 2006. Prior to her graduation from Palmer College of Chiropractic, she travelled to India to provide free humanitarian care for hundreds of people. In addition to her chiropractic education, she has had extensive post graduate study on spinal rehabilitation focusing on spinal curve restoration at the Pettibon Institute. Dr. Cardwell has practiced with Dr. Michael Farrell at the Spine Correction Center of the Rockies in Fort Collins, Colorado since July of 2007.
